## AGREEMENT IN PRINCIPLE : A STEP FORWARD...

Indeed, on Wednesday, July 7th, in Trois-Rivières, about one hundred delegates appointed by your Locals adopted by a majority the tentative agreement negotiated at the Central Table and the Sectoral Table by your representatives at the negotiating table.

Now, it will be submitted to your Locals before September 15th. Let us go over some interesting elements of this agreement in principle :

- ⇒ Increase of the evening premium
- ⇒ Increase of the night premium
- ⇒ Increase of the share of our Employer in the group insurance
- ⇒ Creation of a premium for shift rotation
- ⇒ Creation and increase of a premium for intensive/critical care
- ⇒ Salary increase, possibility of up to 10.5 % over 5 years

We are urging you to attend your general assemblies to learn more about this tentative agreement.

We also asking you to wear your red T-shirts every Thursday or on the day determined by your Local until we know the outcome of the vote on the tentative agreement.

Now, it is up to you to decide!

Thank you, and we wish you a good summer!
